Safety Warnings

1. This product is for household use only. Use this product solely for domestic purposes, avoiding commercial or industrial use, outdoor, or wet conditions.
2. Supervised Usage: Operate in a secure environment under supervision by someone aware of the product's safe use. Never let children or individuals with impaired thinking skills use it unsupervised.
3. Caution around Children and Pets: Take extra care around kids and pets. Prevent them from playing with or near the product.
4. Proper Disposal and Storage: Dispose of packaging materials properly and keep them away from children and pets. Avoid using or storing the product in wet places like outdoors or bathrooms.
5. Electrical Safety: Avoid contact with wet hands or using the product on wet surfaces. Do not use if the power cord or plug is damaged.
6. Product Handling: Refrain from disassembling the product, using it to pick up flammable liquids or high-temperature objects. Avoid using it in flammable environments or putting heavy objects on top.
7. Suction Port Safety: Keep fingers and foreign objects away from the suction port to prevent injury or product failure.
8. Filter Maintenance: Regularly clean the dust cup and filter to prevent product failure or accidents. Avoid using aromatic chemical products on the filter.
9. Maintenance Precaution: Disconnect from the power supply before cleaning or maintaining the product to prevent electric shock or injury.
10. Overheating Prevention: The device has built-in overheating protection. If the motor temperature rises unusually or if the air inlets are blocked, the device will automatically stop. In such cases, remove the dust container and clean the air inlets or filter. Wait for 60 minutes before turning the device back on.
10. Filter Installation: Ensure proper installation of the filter to prevent product malfunction.
11. Accessory Safety: Be cautious of sharp edges on accessories. Pay attention to safety when using accessories like the deshedding tool and electric clipper.

Note: The flexible hose contains electrical wiring and should not be used to pick up or clean water. Regularly check for damage and refrain from using if the hose is compromised.

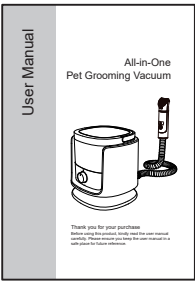

Precautions

- Do not operate or unplug the power cord with wet hands to avoid malfunction and electric shock. PLEASE FOCUS ON THIS POINT.
- Please do not use it in places with smoke and other flammable stuff. Because it may cause fire and explosion, please do not inhale highly flammable liquids and combustibles.
- For the first use, a peculiar smell may occur. Please do not worry. It will disappear shortly and does not cause side effects on the human body.
- Please stop using the product if a burning smell appears and persists.
- Please remain the dust container and filter in a clean state. Malfunctions and accidents may occur if they are dirty.
- Before maintenance, ensure to cut off the power and unplug the cord. If the device power turns on in the maintenance process, a risk of electric shock, accidents, or injuries may arise.
- Please ensure the filter is installed correctly on the device. If the filter is removed or installed incorrectly, it will be one of the reasons for malfunction.
